Metronidazole Oral Suspension 15 mg/ml

VetroBact™

Broad Spectrum Antiprotozoal

COMPOSITION:

Each ml contains :
Metronidazole USP 15 mg
Excipients q.s.
Colour : Sunset Yellow

INDICATIONS:

Metronidazole is an amoebicide , antiprotozoal , antibacterial and antiparasitic medication used to treat various conditions such as inflammatory bowel disease , non specific diarrhal disorders , infections caused by GIARDIA (Intestinal parasites) and periodontal disease (Infections in the mouth).

DOSAGE AND ADMINISTRATION:

Anaerobes : 15mg per kg every 12 hours for 8 days.
Giardia : 12 to 15 mg per kg every 12 hours for 8 days.
The duration of administration depends on the condition being treated , response to the medication and the development of any adverse effects.
Or as directed by the registered Veterinarian.
For Oral Administration.

TARGET SPECIES:

Dogs & Cats

PHARMACODYNAMIC PROPERTIES:

Pharmacotherapeutic group: Agent against protozoal disease, nitroimidazole derivative.
ATC Vet Code: QP51AA01

PHARMACODYNAMICS:

Metronidazole is an oral synthetic antiprotozoal and antibacterial agent which belongs to a group of medicines called nitroimidazoles. It acts by killing or stopping the growth of bacteria and other organisms causing the infections.

PHARMACOKINETICS:

Following oral administration, metronidazole is well absorbed, with peak plasma concentrations occurring between one and two hours after administration. After administration of the higher dose (50mg/day/kg of body weight), the absolute bioavailability is 98% in fasted dog. Metronidazole is metabolised in the liver by side chain oxidation and glucuronide synthesis. Both metabolites and unchanged drug are eliminated in the urine and faeces. Elimination half-life is between 3 to 5 hours.

90 mm

ADVERSE EFFECTS:

None known.

CONTRAINDICATIONS:

Do not administer to animals other than those for which it is indicated.
Hypersensitivity to any of the Ingredients.

OVERDOSAGE:

Do not exceed the recommended dosage.

WITHDRAWAL PERIOD:

Not Applicable

STORAGE:

Store below 30°C. Protect from light.

PRESENTATION:

60ml pet Bottle packed in a Primary Carton along with the Pack Insert.

VETERINARY.
NOT FOR HUMAN USE.
FOR ANIMAL TREATMENT ONLY.

SHAKE WELL BEFORE USE.

KEEP OUT OF REACH OF CHILDREN & PETS, AWAY FROM FOOD.

Carefully read the accompanying instructions before use.
